Updated
1.23.12

The Mounting Kits above are designed for *either* one of the following SuperGlide hitches...

16K

MFR# 4100

- 16,000 lb. max. gross trailer weight
- 4,000 lb. max. pin weight capacity
- 14" of automatic slide

18K

MFR# 4400

- 18,000 lb. max. gross trailer weight
- 4,500 lb. max. pin weight capacity
- 14" of automatic slide

Updated
1.23.12

The 3100 & 3600 SuperGlide hitch mounting kits feature custom-designed mounting brackets and are totally removable.

Trucks with less than 6' beds are usually not recommended for fifth wheel towing, however, with some trailer limitations the 3100 SuperGlide, may make towing possible. In cases where there will be less than 3" clearance between the cab and trailer, including a 90 degree turn, the 3100 is not recommended.
