

24K SuperGlide

SuperGlide

Introducing the newest SuperGlide in our ISR Series of hitches. With a wider stance and higher weight rating, towing larger loads with a short bed truck is now worry free!

This SuperGlide is perfect for larger GVWR trailers, or for trucks that need just a bit more clearance like Dodge short beds.

Please note, in order to determine the total tow capacity of a system, you must consider the weight ratings of each component in that system. Actual tow capacity of the system will be equal to the lowest rated component.

#2300 24K ISR SuperGlide Fifth Wheel Hitch
